Stocks 	20-40 positions
Stock constraints 	Max 10% of NAV at cost
Cash 	Max 10%
Currency 	Unhedged
Risk management 	Proprietary stop loss review framework

PORTFOLIO

## HOW THIS FUND WORKS

---

- **Diversification:** Munro's professional and active management of global small-to-mid capitalisation companies can add diversification across geography, size and sector when added to your existing portfolio.
- **Access to investment opportunities:** With thousands of global small and medium capitalisation (SMID) companies available, many are misunderstood or overlooked by investors, Munro, via its investment management team and investment process, aims to seek out and invest in some of the most innovative and fastest growing SMID companies in the world today. The portfolio is able to invest in securities listed as constituents of the MSCI ACWI SMID Cap Index and global listed securities with similar market capitalisation characteristics.
- **Risk management:** Munro deploys a time-tested risk management system with vigilant stop losses and rigorous reviews. Munro carefully reviews the Fund's positioning size and diversification.

## SUITABILITY

---

You may consider this fund suitable if you are looking to invest in small and medium capitalisation global growth equities for at least 5-7 years but are concerned about short term market volatility or underlying growth company valuations.

This Fund is not suitable for those investors with a short investment time horizon (less than 5-7 years), seeking regular income or do not have a very high tolerance for risk given the exposure to equities.

## UNDERSTANDING MANAGEMENT COSTS

---

The Fund has a management fee of 1.10% p.a.

The Fund has a performance fee of 15% of the excess Fund performance above the Hurdle Rate.

The performance fee is equal to 15.00% of the amount by which the return of the units exceeds the Performance Hurdle for the relevant performance fee Calculation Period (the six months to 31 March and 30 September each year)(net of management fees and all transaction and operational costs).

The Performance Fee is only payable if the High Watermark and the Performance Hurdle are exceeded.

More details on the management costs, including worked examples, are available in the Fund's Product Disclosure Statement and Additional Information Booklet available on the GSFM website.
